WHO ARE WE

Cross49 is a comprehensive industrial supply and rental company with a strong foundation in the industrial infrastructure sector. Our expertise lies in serving the pipeline, railway, power grid, mining, and civil construction industries. With a history of effectively adapting to the dynamic demands of the market and a wide range of customers, we have a track record of success in navigating and embracing change. Our commitment to innovation and excellence ensures that we remain at the forefront of providing cutting-edge solutions to our clients, making us a trusted partner in their growth and development.

WHAT SETS US APART

We believe integrity, hard work, and building strong foundations are the key to long-term success. Our diverse team of well-connected industry experts is highly experienced in every facet of construction and industrial infrastructure. This allows us to provide responsive service and customized solutions to ensure our customers get the product they need, when they need it, while fostering enduring partnerships built on trust and reliability, because at Cross49, we're not just a supplier; we're your dedicated partner in progress.

TABLE OF CONTENTS

4 DENSO COATINGS

4 INDUSTRIAL HOSES

4 RAIL TOOLS

5 GEOSYNTHETICS

- 5 - Geotextiles/GeoGrid/Geocell
- 5 - Erosion & Sediment Control
- 5 - Water Management

5 PIPELINE PROTECTION

- 5 - Grid Guard HD-Plus
- 5 - Concrete Pipeline Cover

6 INDUSTRIAL SUPPLIES

- 6 - Abrasives & Cutting Tools
- 6 - Contractor Supplies
- 6 - Containment & Spill Control
- 6 - Cleaning & Supplies
- 6 - Hand Tools
- 6 - Lighting Supplies
- 6 - Material Handling
- 7 - Power Tools
- 7 - Rigging & Lifting
- 7 - Safety Supplies
- 7 - Signage
- 7 - Welding Supplies
- 7 - Pipeline Supplies

8 YELLOW IRON

- 8 - Rubber Track Carriers
- 8 - Dozers
- 8 - Excavators
- 8 - Attachments & Accessories

9 POWER EQUIPMENT

- 9 - Light Towers
- 9 - Generators
- 9 - Fuel Cubes

9 OFF ROAD EQUIPMENT

- 9 - Kawasaki Side x Sides

10 PIPELINE EQUIPMENT

10 - PIPE BENDING EQUIPMENT

- 10 - Pipe Benders
- 10 - Mandrels

11 - PIPE COATING EQUIPMENT

- 11 - Tesi Generators & Coils
- 11 - Jeepers
- 11 - Heaters
- 11 - Tents & Shacks
- 11 - Sandblast Decks

12 - PIPE HANDLING EQUIPMENT

- 12 - Pipelayers
- 12 - Vacuum Lifters

- 12 - Deckhands

- 12 - Rollers/Cradles/Slings

- 12 - Pull Heads

- 12 - Air Lift Bags

13 - PIPE WELDING & CUTTING

- 13 - Internal Lineup Clamps
- 13 - Tack Rigs
- 13 - Demagnetization Equipment
- 14 - Clamps
- 14 - Cold Cutters
- 14 - Weld Shacks
- 14 - Beveling Equipment

15 - PIPE TESTING EQUIPMENT

- 15 - Launchers/Receivers
- 15 - Test Heads
- 15 - Pipeline Pigs
- 15 - Air Compressors
- 15 - Instrumentation

16 PUMPING EQUIPMENT

- 16 - Pump Manufacturing

17 SPECIALTY EQUIPMENT

- 17 - Vita Load Navigator
- 17 - Mobile Warehouses
- 18 - Portable Wash Pads
- 18 - Fire Suppression Trailers

19 HD MECHANICAL SERVICES

Expert repairs and maintenance for heavy-duty equipment, mobile on-site support, and specialized solutions to minimize downtime.

- 19 - Repair & Refurbishment
- 19 - Specialized Equip. Repairs
- 19 - Mobile Repair Services
- 19 - Drilling Rig Services

SUPPLIES

DENSO COATINGS

Denso, a leader in corrosion prevention, partners with Cross49 to deliver top-tier solutions for oil and gas, construction, transportation, and more.

PIPELINE COATINGS

PETROLATUM TAPE SYSTEMS

SEALING & MOLDING PRODUCTS

ROAD MAINTENANCE

CARTRIDGES

INDUSTRIAL HOSES

Keeping your operations flowing smoothly with our industrial hose supply solutions.

- Heater Ducts
- Fire Hose
- Mining & Drilling Hose
- Steam Hose
- Layflat
- Vacuum Truck Hose
- Tank Truck Hose
- Flush Hose
- Hose Accessories

RAIL TOOLS

Cross49 is your go-to for rail construction and repair needs. With a wide range of specialized tools, your project will be completed efficiently and precisely, regardless of size or complexity.

- Rail Pullers
- Turn Out & Profile Grinders
- Rail Saws
- Tie Hand Drills
- Chain Saws
- Impact Wrenches
- Cut Off Machines
- Backpack Blowers
- Rail Drills
- Rail Heater
- Lubricants
- Tongs & Jacks
- Derail & Rerailers
- Shovels, Punches, Scoops, Adzes and Bars
- Drilling Accessories
- Abrasives
- Rail Gauges
- Measuring Wheels
- Track Inspection Tape

GEOSYNTHETICS

GEOTEXTILES

- Woven & Non-Woven Geotextiles
- Triples
- High-Strength Geotextiles
- Geonet/Geocomposites

GEOGRID

- Biaxial Geogrid
- Triaxial Geogrid
- Composite Geogrid
- Uniaxial Geogrid

GEOCELL

A honeycomb structure of polymer strips and geotextile that form a large mat, capable of containing soil and facilitating load transfer.

EROSION & SEDIMENT CONTROL

- Erosion Control Blankets
- Turf Reinforcement Mats
- Silt Fence
- Filter Unit Rock Bags
- Turbidity Curtains
- Wattles
- Siltation BMP's
- Spray Applies Products
- Pollution Prevention Fence
- Hard Armor Solutions

WATER MANAGEMENT

- Dewatering Bags
- Cofferdams
- Meter Bags
- Water Storage
- Water Conveyance BGM
- Geosynthetic Clay Liner
- Foundational/Wall Drains
- Strip Drains
- Wick Drains
- Weeping Tile

PIPELINE PROTECTION

GRID GUARD HD PLUS

Grid-Guard HD Plus pipeline protection grid is an extruded polyethylene 1mm (3/8") three-dimensional mesh/grid with the addition of geotextile fabric backing. Installed on both steel and plastic pipelines.

- Offers greater impact protection during backfill operations
- Offers additional protection after burial: fabric acts as a slip sheet around the pipe, helping to minimize soil stress on tapes and coatings
- Does not interfere with cathodic protection
- Consistent thickness throughout
- Available in custom pads and rolls
- Lightweight and flexible
- Does not bunch up in the cradles

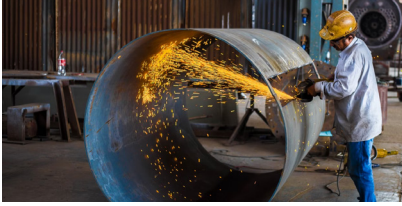

CONCRETE PIPELINE COVER

Efficient and quick-to-install, the Incomat concrete mattress system protects pipelines against buoyancy, uplift and external impacts. The Incomat system will drastically improve production, safety and total cost versus traditional coating methods.

INDUSTRIAL SUPPLIES

ABRASIVES & CUTTING TOOLS

- Grinding Tools
- Abrasive Blasting Tools
- Brushes & Wheel Kits
- Cut-off & Grinding Wheels
- Deburring Tools
- Flap Wheels
- Mounted Points & Kits
- Sanding & Polishing Tools
- Surface Conditioning Wheels

CONTRACTOR SUPPLIES

- Concrete & Grouting Supplies
- Carpet Tools
- Scrapers & Trowels
- Ladders
- Electrical Supplies
- Stains & Finishes
- Wood Glue
- Workwear

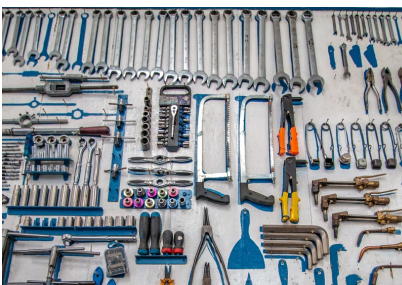

CONTAINMENT & SPILL CONTROL

- Spill Kits & Sorbents
- Spill Pallets, Pads & Berms
- Poly Ramps
- Drum Containment
- Bins & Drums
- Utility Trays
- Pop-Up Pumps
- Drains & Eye Wash

CLEANING & SUPPLIES

- Brooms, Brushes & Dust Pans
- Cleaning Chemicals
- Cleaning Equipment & Vacuum Cleaners
- Dust Mops, Dusters & Cleaning Pads
- Personal Care Products
- Rags & Wipes
- Buckets, Containers & Carts
- Sewer Cleaning
- Trash Bags & Liners
- Wet Mops & Squeegees

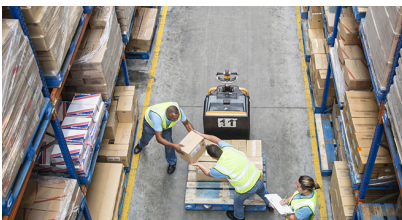

HAND TOOLS

- Clamps & Vises
- Crimping & Deburring
- Drywall & Plastering
- Electrical Tools
- Hammers & Prying Tools
- Hand Saws & Saw Horses
- Inspection & Retrieval Tools
- Marking & Measuring Tools
- Masonry & Tile Tools
- Pliers, Wrenches, & Pullers
- Plumbing Equipment
- Punches, Chisels, & Drills
- Screwdrivers, & Bits
- Specialty Safety Tools
- Stapler &, Tackers
- Tool Storage & Transfer Tanks

LIGHTING SUPPLIES

- Flashlights
- Headlamps
- Hand & Portable Lamps
- Job Site Lighting
- Lamps & Bulbs
- Outdoor Area Fixtures
- Task Lights

MATERIAL HANDLING

- Cabinets
- Casters & Wheels
- Dock Equipment
- Drums
- Material Handling Hose
- Mobility Utility & Tool Carts
- Ratchet Straps & Tie Downs
- Shelving & Storage Wraps
- Shop Furniture
- Storage Bins & Containers
- Strapping & Equipment
- Work Benches & Accessories

POWER TOOLS

- Cordless Tools
- Demolition Tools & Equipment
- Drilling Accessories
- Fastening Tools
- Finishing Tools
- Heat Guns
- Masonry Tools
- Power Drills
- Power Saws & Accessories
- Power Shears
- Routers
- Tool Storage

RIGGING & LIFTING TOOLS

- Below-The-Hook Accessories
- Chain & Chain Accessories
- Hoists & Trolleys
- Lifting Hardware
- Lifting Slings
- Ropes
- Winches
- Wire Rope & Fittings

SAFETY SUPPLIES

- First Aid Supplies
- Fire Extinguishers
- Spill Kits
- Fall Protection
- Hand, Eye & Ear Protection
- Hard Hats
- Respiratory Protection
- Skin Care & Cleaning Supplies
- Protective Clothing & Logoing
- Traffic Control Equipment
- Rebar Protection
- Emergency Survival Kits
- Ice Melt

SIGNAGE

- Road Construction Signs
- Pipeline Signage
- Regulatory Traffic Signs
- Information & Guide Signs
- Specialty Traffic Signage
- Radar Signs
- Solar Traffic Devices
- Pilot Truck Signs
- Traffic Control Systems
- Custom Signs (See pg 28)

WELDING SUPPLIES

- Soldering
- Stick Welding & Accessories
- Welding Chemicals
- Welding Helmets
- Welding Protection
- Nozzles
- Welding Rods
- Scrapers

PIPELINE SUPPLIES

Cross49 can supply all the unique tools and supplies needed for every stage of pipeline construction.

SAFETY

- PPE
- Fire & Spill Kits
- Respiratory Protection
- 2-Way Radios
- Whip Checks
- Fire Extinguishers

FENCING

- T-Posts & Fence Posts
- Fence Pounders
- Silt & Snow Fence
- Barbed Wire

MEASURING/ MARKING

- Tape & Ribbon
- Tripods & Transits
- Flagging & Signage
- Probes & Gauges
- Spacers & Levels
- Markers & Paint
- Sizing Plates & Ovality Calipers
- Taglines
- Tape Measure
- Demagnetization Tools

TOOLS

- Ladders & Stairs
- Shot Rods
- Hammers & Knives
- Track Shovels & Rakes
- Brushes & Hand Tools
- Shackles & Slings
- Propane Torches
- Consumables
- Tarps & Sand Bags
- Cones
- Stringing Nets
- End Caps
- Parachutes

CHEMICALS

- Lubricants & DEF Fluid
- Coating Kits

LUMBER

- Dunnage
- Skids
- Chocks
- Buffalo Board

DOCUMENTATION

- Survey Books
- Document Holders

EQUIPMENT

YELLOW IRON

RUBBER TRACK CARRIERS

Morooka Rubber Track Carriers – unmatched traction, high load capacity, and 360-degree cab rotation for versatile and demanding jobs.

- Morooka MST1500VD
- Morooka MST2200VD
- Morooka MST2200VDR
- Morooka MST3000VD

EXCAVATORS & ATTACHMENTS

Our Caterpillar Excavators excel in digging, trenching, and earth-moving tasks, delivering peak efficiency and unwavering reliability.

- Padding Buckets
- Strikeforce Hammers
- Digging Spoons
- Lifting Jibs
- Digging & Clean-out Buckets

SKID STEERS

Ideal for construction, landscaping, snow removal, and earth-moving – ensuring peak productivity and performance.

WHEEL LOADERS

Whether you're tackling construction projects, material handling, or loading tasks, our Cat Wheel Loaders are equipped to deliver optimal results.

DOZERS

Our CAT Dozers are engineered for tough jobs, from construction to land clearing and grading tasks, ready to conquer any terrain effortlessly.

POWER EQUIPMENT

WACKER NEUSON 20 KW DIESEL GENERATOR LIGHT TOWERS

Power-actuated 23' vertical mast light tower with 360° rotation, durable engine, long-run fuel tank, and DOT trailer lights.

GENERAC 15 KW DIESEL GENERATOR LIGHT TOWERS

Rugged wide-body DOT trailer with Generac G4 LED technology for efficient, cost-effective lighting.

MOBILIGHT 1200 HYBRID LIGHT TOWER

600W LEDs, 1200W solar, hybrid with 18HP Kubota diesel. Reliable, silent, year-round dusk-to-dawn lighting.

POWER PACK N' PUMP

Our Power, Pack and Pump package is a power supply, lighting plant and pumping solution in one. From civil construction to mining and pipeline, this triple threat offers the best bang for the buck!

EEL LIGHT TOWER

Delivers outstanding performance with a 96% reduction in fuel consumption. Its innovative hybrid system offers up to 92% fuel savings, minimizing maintenance and labor costs.

GENERATORS 20kW to 150kW

Offers portable and mounted solutions, resilient in harsh weather and long hours. Cables in 50'-100' lengths with various power capacities to meet your needs.

FUEL TANKS 1900L, 2000L, 3000L

Ensures secure fuel storage, vital for remote areas. Reliable backup prevents fuel delivery disruptions. Round and cube tank options available. Stackable, lockable designs.

OFF ROAD EQUIPMENT

KAWASAKI SIDE X SIDES

A selection of utility, sport and recreational side x side vehicles for rent.

- Kawasaki Teryx & Kawasaki Mule
- Both 2 and 4 Passenger Options
- Trailers Available

PIPELINE EQUIPMENT

PIPE BENDING EQUIPMENT

Cross49 offers a variety of pipe bending machines and mandrel rentals with the ability to bend pipe from 6" to 48".

PIPE BENDING MACHINES

Cross49 Supplies & Rentals offers industry leading Pipe Bending Machines with the ability to bend pipe up to 48"

- Open Face 6 - 20
- 6 - 20
- 16 - 30
- 22 - 36
- 36 - 48

MANDRELS

Cross49 offers a variety of mandrel sizes and configurations to accommodate all pipe dimensions.

- Pneumatic Wedge Mandrels 8"-48"
- Hydraulic Wedge Mandrels 30"-48"

PIPE COATING

TESI IHG INDUCTION GENERATORS

Self contained, skid-mounted units with diesel powered, air-cooled engines.

- Auxiliary power sourced
- Electronic specifications display
- Remote controlled

Available Models: IHG 120, IHG 150

TESI HEATING COILS

Tesi's Induction Heating Coils are the safest and most efficient way to preheat pipe for coating applications. Designed to heat the sandblasted and exposed welded pipe joint in order to prepare the pipe cutback surface for coating. **Available Sizes: 10", 12", 16", 20", 24", 30", 36", 42", 48", 54"**

JEEPERS

Output voltage is subject to influence by weather, moisture, improper grounding and soil conditions. Minimize the effects of corrosion by detecting the presence of "holidays" or defects in the non-conductive coatings.

COATING TENT

Our metal framed coating tents with canvas covers are lightweight and easily transported from one joint to the next by a back end rig.

SURESEAL HEATERS

A unique infrared heating system consisting of multiple heaters mounted in a clamshell frame configuration, which provides a safe and fast heat application to the construction and maintenance of pipe.

COATING SHACK

Our lightweight, metal coating shacks provide the user with lighting and protection from the elements.

DENSO

PIPELINE COATINGS

Epoxy coatings for superior corrosion protection.

See page #6

SANDBLAST DECKS

- 2 operator ladders (rear and side access)
- Built-in forklift pockets for easy deck installation
- Elevated air compressor for service access and contamination prevention
- Swing-open gate rail for easy pallet loading
- 10.0 Cu. Ft. Blast pot with dual hoses
- Adjustable blast hose jib poles for direct blasting
- Drop-down rear frame for pressure pot loading
- 2 toolboxes, 2 CO2 monitors, electric generator
- 2 blast hoods with air conditioners

Single Pot 375 comp. Dual Pot 750 comp.

PIPE HANDLING

A full range of high-performance pipe handling products and equipment customizable for our customers.

PIPELAYERS

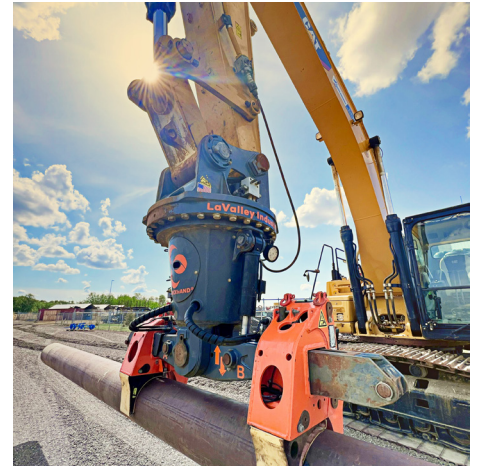

Our fleet of pipelayers are the standard of the pipelining industry and are designed to withstand the most demanding pipeline conditions.

- CAT 589
- CAT PL87
- CAT 587T
- CAT PL83
- CAT 583T
- CAT 572R
- CAT PL61
- CAT 561N

VACUUM LIFTERS

Cross49 Supplies & Rentals selection of vacuum lifters from both DMI and Vacuworx can handle pipe sizes from 4" and up, with a capacity for 3 to 20 tons.

DECKHANDS

360° continuous rotation, in-cab display, and adjustment, and load holding valves for secure handling. **A variety of interchangeable pipe, utility and mat arms available.**

HDD ROLLERS

4"-48" Heavy Duty
2"-24" Light Duty

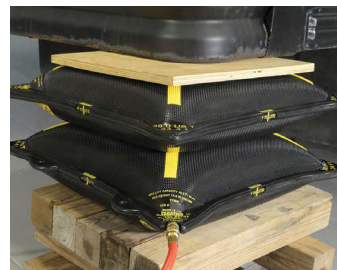

Horizontal Directional Drilling Rollers support pipe as it travels smoothly towards its destination, eliminating the need for manual transport.

PULL HEADS

6"-48"

Our Cross49 certified engineered pullheads attach to the end of pipe to pull through boreholes. Commonly used in small-diameter directional drilling for easy installation.

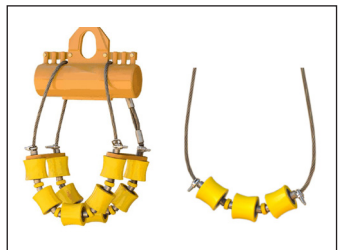

AIR LIFT BAGS

High quality air lift bags by Paratech, Matjack, and Holmatro, available in various sizes, with capacities up to 68 tons, designed for rugged, heavy-duty tasks.

POWERED ROLLERS

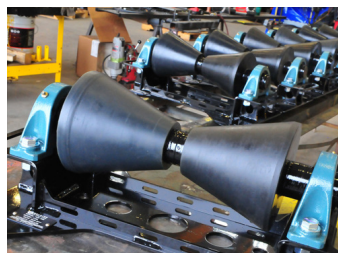

Comes with geared height adjustability which provides smooth transitions even when the pipe support is under a load.

ROLLICRADLES/SLINGS

Slings for pipe sizes 2"-24" with evenly spaced urethane rollers.

Cradles for pipe sizes 6"-60" with load capacity designed for safe handling of heavy walled pipes.

CONICAL ROLLERS

2"-24"

HDD Conical Rollers help to minimize drag forces of pipe-pulling through horizontally drilled or bored holes.

LOWERING-IN BELTS

Pipe Diameter: 12"-60"

Heavy-duty nylon webbing for durability and strength with alloy steel end irons for greater strength with less weight.

TIRE CRADLES

12"-24"

Cross49 Supplies & Rentals can provide pneumatic tire cradles to assist in pipe handling and lowering in operations to not only protect the pipe but assure a smooth guide.

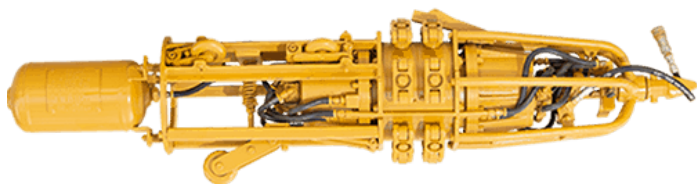

PIPE WELDING & CUTTING

INTERNAL LINEUP CLAMPS

Sizes: 6" - 60"

- Self-centering pneumatic lineup clamps with a rear self-adjusting mechanism that centers the pipe and minimizes offset between pipes during joining.
- Designed for pipe welding using coated electrodes.
- Variants available for automatic MIG/MAG welding processes, featuring copper-backed welding support.

TACK RIGS

- Cat D6N Tack RIG
- Morooka Tack Rig

Offers the exceptional performance, productivity and versatility required to facilitate the building of pipeline infrastructures.

DEMAG COILS

Demagnetization in less than 2 minutes per end and lasts several days, to an acceptable level for Welding of +/- 2 Gauss.

- 8 5/8", 10 3/4", 14", 16", 18", 25", 32", 38", 44", 50", 60"
- 14" 115V-6HZ
- 25" 230V-50HZ
- 38" 230V-60HZ

IDMAG SYSTEM

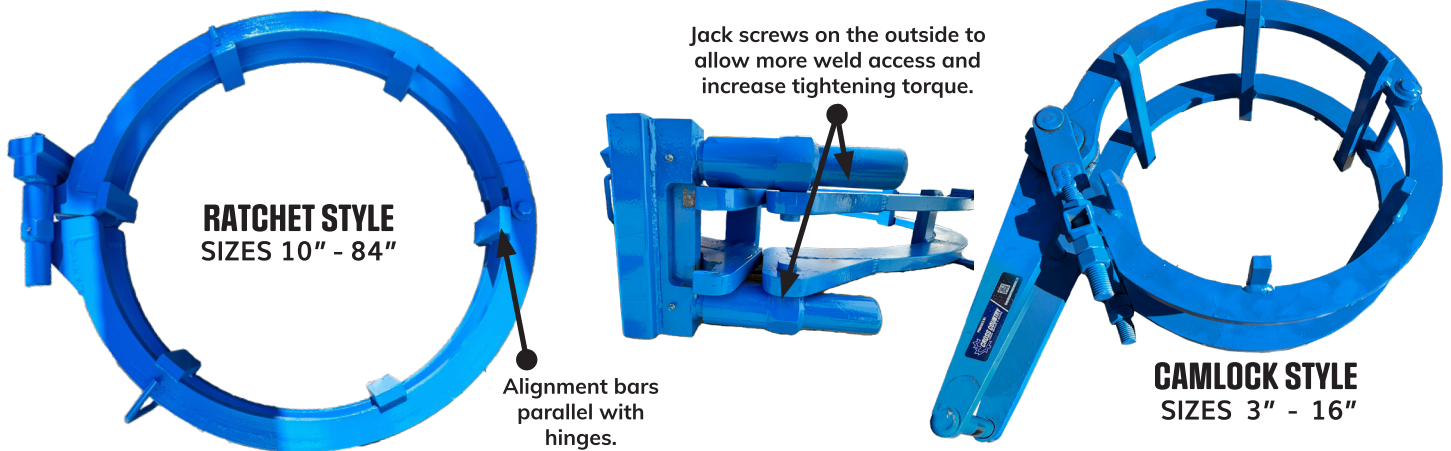

Runs on 120V-250V power, making it versatile for use in various locations.

- Portable & Lightweight
- Single Phase, 50/60hz
- Sealed Panel/Switches
- Expandable for more Power
- Use on Valves, Vessels & Plates

CROSS CLAMP - EXTERNAL LINE UP CLAMPS

Introducing the Cross49 External Line Up Clamps – an innovative solution enhancing pipeline welding quality and safety. Designed for maximum weld access without the need for clamp rolling, these clamps reduce the risk of cracked welds upon removal, setting them apart from

industry alternatives. Cross49 Line Up Clamps not only streamline welding but also boost efficiency, reducing setup time—especially valuable in high-volume welding scenarios. (Patent Pending: 63/484,138)

AUTO WELD SHACKS 10'x12'

- Adjustable doors from 12" to 48"
- Folding Floor Panels
- Engineered Lifting Hooks
- Dry Weight 4300lbs
- Power/Lighting set up to customer specifications

KC CLAMPS 10"-84"

- Screw type clamp with reversible ratchet
- Machined pads to fully contact O.D. of pipe
- High clamping, even pressure for maximum alignment

ULTRA RIM CLAMPS Available sizes 12-48"

- Plated jackcrews with pivoting pads for precise reforming pressure
- Stainless steel pivot points
- Heavy-duty latching mechanism

COLD CUTTERS 2-4", Rigid 6", 6-8", 10-14", 16-18", 20-22", 24-26", 28-34"

Reed cold cutters to cut large diameter steel, most stainless steel, ductile and cast iron pipe in close quarters.

BEVELING EQUIPMENT

A full selection of pipe beveling equipment from both Mathey and Sawyer MFG.

- Beveling Machines
- Bands
- Crawlers
- Whips
- Motors & Remotes
- Victor Barrel Torches
- Angle Heads

PIPE TESTING

LAUNCHERS/RECEIVERS

Designed to work in conjunction with a hydrostatic testing system. Built to withstand the rigors of testing on construction sites and remote locations.

4", 6", 8", 12", 16", 20", 24", 36"

- 300 ANSI Fittings
- 740 PSI Operating Pressure
- Full Port Ball Valves
- Full QC Packages

TEST HEADS

Pressure testing with water on piping to check system integrity under high pressure conditions.

- Engineered to build up to 48" and down to 6" if needed
- Designed to max test pressure of 3000psi with 1500 ANSI valves. Meet both Canadian and US Codes
- Heads are equipped with full protective cages to ensure protection for the valves during use.

Cross49 carries pigging heads with full port valves, to allow for continued mainline pressure during the loading and unloading of pigs.

AIR COMPRESSORS

Doosan's portable air compressors ensure maximum uptime and productivity.

- 1600 CFM at 150 PSI
- 750 CFM at 150 PSI
- 375 CFM at 150 PSI
- 185 CFM at 100 PSI

PIPELINE PIGS

STEEL MANDRELS 2"-48"
3D and greater bends

FOAM PIGS 2"-60"
Short radius, miter, tees, multi-diameter lines

URETHANE PIGS 2" to 36"
1.5D or greater bends

SPECIALTY PIGS 2" to 48"
3D or 1.5D bends

INSTRUMENTATION

We offer a comprehensive range of high-pressure testing equipment designed to meet the most demanding requirements. Whether for industrial testing, pipeline inspection, or any high-pressure application, our top-quality equipment ensures precision and reliability in recording, monitoring, and maintaining pressure levels.

- High Pressure Test Trees
- Digital Pressure Gauges
- Baker Pumps
- Pneumatic Pumps
- 2-Stage Pumps
- Mechanical Dead Weights
- Recorders
- Compressors

PUMPING EQUIPMENT

Cross49 is your pump solutions partner. We can provide and manufacture custom, built-to-suit pumps, to meet your needs.

HYDRAULIC SUBMERSIBLE PUMPS

Eliminates suction lift issues, ensuring efficient pumping from the source.

ELECTRIC SUBMERSIBLE PUMPS

Convenient, highly efficient and ideal for removing water from confined areas.

HIGH HEAD PUMPS

For the ultimate in vertical push, fluid velocity and pressure.

SOUND ATTENUATED PUMPS

Minimizes noise while not compromising on performance.

VAC ASSIST CENTRIFUGAL PUMPS

With automatic level controls to allow for unattended pumping.

FILTER TRAILERS

Trailer mounted filter pots filter contaminants from liquids, allowing for environmentally friendly disposal.

FISH SCREENS

Fishery approved screens prevent harm to native fish and aquatic creatures, while decreasing the intake velocity to keep consistent suction.

DIFFUSERS

Reduce and control water velocity exiting the hose. Protects the surrounding landscape from any erosion or wash out.

PUMP MANUFACTURING

Cross49 designs high-performance fluid pumps tailored to your needs, offering unmatched reliability and efficiency.

Top Brands: In-stock Cornell parts for optimal performance.

Custom Sizes: Flexible options (12x8, 10x8, 8x6, 6x6, 4x4).

Enhanced Features: Full containment, LED lights, fire extinguishers, and 10-12 hour run times.

Telematics: Real-time monitoring with AEC and Controls Inc. compatibility.

Powerful Engines: Choose CAT, Cummins, or Deutz.

In-House Fabrication: CWB-certified trailers with 10,000lb capacity.

SPECIALTY EQUIPMENT

VITA LOAD NAVIGATOR

Autonomously hold any position and precisely place crane picks. The outdated method of using a rope to guide the load in place isn't efficient or safe for the modern-day crane operator. The Vita Load Navigator - an autonomous system that stabilizes

loads despite wind or crane movement. Instead of using tagline, you use a wireless remote control to rotate the load within one degree of where you want it.

- Load never deviates more than one degree and stays in position throughout entire lift.
- Remotely operate the Vita Load Navigator from a distance of up to 600'.
- Load will automatically stabilize in high winds up to 50km/h.
- Position Hold feature locks in preselected orientations, ideal for repetitive lifts.
- Makes crane operations up to 50% faster.
- 63% Reduction in Injuries from Spinning Loads.
- 75% Fatality Risk Reduction.

VLN Radio System meets
EN ISO 13849-1 :2015

Structural Lifting meets ASME B30.20,
BTH-1, DESIGN CATEGORY B, CLASS 0

MOBILE WAREHOUSES

Streamline your job site with Cross49's mobile warehousing solutions, designed for the demands of the USA's construction, pipeline, and mining industries. Strategically placed on-site, our mobile warehouses provide quick access to supplies, tools, and rentals—boosting efficiency and productivity when time matters most.

CUSTOMIZATION

From single seacans to multi-trailer setups, Cross49 tailors mobile warehouses to fit your workflow. Need support? Our team can manage inventory and logistics on-site.

ACCESS TO RENTAL FLEET

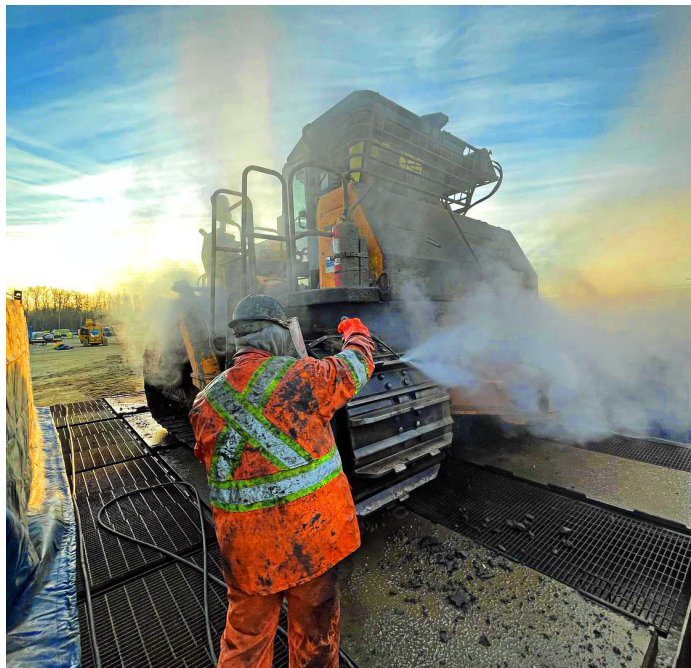

Mobile warehouse customers receive instant access to the Cross49 rental fleet—minimizing downtime and maximizing efficiency.

BOOST JOBSITE EFFICIENCY

Mobile warehouses bring essential supplies and equipment directly to your site, reducing downtime and streamlining operations so your team can focus on getting the job done.

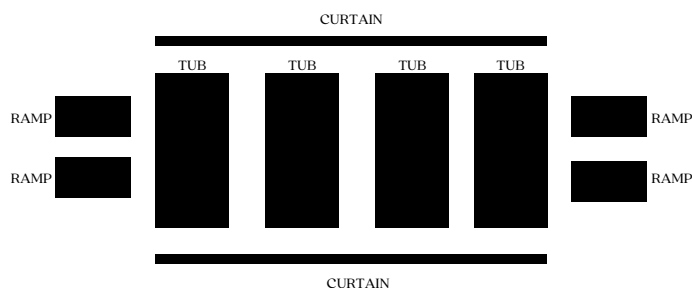

PORTABLE WASH PADS

Soil and water contamination are a huge factor in environmental harm during construction projects. With proper planning and the utilization of suitable equipment, many impurities and toxins can be contained and prevented from polluting the area.

Our portable wash pad systems allow construction and pipeline equipment to be cleaned directly onsite while containing up to 3500 gallons of water per system. Each system consists of 4 individual sections, 4 ramps and side curtains. One complete system measure 20' x 32', however, additional pads can be attached for larger, and longer arrangements,.

With 100% containment capacity, Cross49 wash pad systems allow for waste-water disposal in an ecological manner.

FIRE SUPPRESSION TRAILERS

Utilized for fire-fighting, our fire suppression trailers are rugged, durable and reliable, providing added safety to remote worksites.

A popular choice for managing grass and bale fires, our Fire Suppression Trailers can also be used for transporting water, spraying roadways for dust control, landscaping applications and more.

- 2 x 500 gallon water tanks
- 5 kilowatt generator (Honda EB 5000X)
- 500' of fire hose (5 x 100' hose sections with couplers)
- Motorized hose reel
- Honda WH20XT 2" high pressure water pump that produces 80' of spray distance at full hose length
- 2 lockable tool boxes
- Plenty of basket space for shovels and other tools
- Rugged construction for off-road use

SERVICES

HD MECHANICAL SERVICES

At Cross49, we understand the pivotal role heavy-duty equipment plays in your operations. That's why we're committed to providing top-tier HD Mechanical Services tailored to meet your needs, wherever you are.

REPAIR & REFURBISHMENT

- Diesel Engines
- Centrifugal Pumps
- Air Compressors
- Generators
- Small Engine Repairs

SPECIALIZED EQUIPMENT REPAIR

- Light Towers
- Compressors
- Pipe Bending Machines
- Mandrels
- Internal Clamps

MOBILE REPAIR SERVICES

On-site maintenance and repairs for heavy equipment, including

- Crawlers
- Track Hoes
- Side Booms
- Loaders
- Rubber Track Equipment

DRILLING RIG MECHANICAL SERVICES

TOP DRIVE MAINTENANCE
Hydraulic or electrical.

RIGS

Maintenance and repair of A/C drive diesel-electric rigs and conventional rigs.

DRAW WORKS

Inspection, maintenance, and repair.

WELL CONTROL EQUIPMENT
Accumulator and BOP maintenance.

PIPE HANDLING AND MUD SYSTEMS

Pumps, mud handling systems, and HMI systems.

6TH GENERATION CYBER RIGS

Advanced rig maintenance.

TRACTION MOTORS AND GENERATORS

Comprehensive service and maintenance.
