

CROSS49 SUPPLIES & RENTALS FIRE SUPPRESSION TRAILERS

PIPELINE • CONSTRUCTION • AGRICULTURE • LANDSCAPING

Utilized for fire-fighting, our fire suppression trailers are rugged, durable and reliable and provide added safety to remote worksites.

- 2 x 500 gallon water tanks
- 5 kilowatt generator (Honda EB 5000X)
- 500' of fire hose (5 x 100' hose sections with couplers)
- Motorized hose reel
- Honda WH20XT 2" high pressure water pump that produces 80' of spray distance at full hose length
- Two lockable tool boxes
- Plenty of basket space for shovels and other tools
- Rugged construction for off-road use

A popular choice for managing grass and bale fires, our fire suppression trailers can also be used for transporting water, spraying roadways for dust control, landscaping applications and more.
